

Note Taking Online

- Take notes on all course material just as you would in an in-person course.
- Use various note taking methods that best support your course.
- Hand write notes to help you connect to the material.
- Avoid writing everything down. Capture key points and supporting details.
- Take notes as you read/listen to lectures in your online classes.
- Consider taking Learn 11 to enhance your note taking strategies.
- Be strategic with your highlighting. Sometimes less is more.
